CUSTOMER COMMENTS

"The professional demeanor of everyone with whom we came in contact with at Du Frane Moving & Storage was extremely reassuring as we planned the move, and that same demeanor allowed us to relax as the move was realized. Every item was handled meticulously.

Those on the receiving end of the shipment were equally impressed. They appreciated the care taken in the unloading and delivery of the items and the professionalism of the moving personnel.

In fact, when their next move comes, they hope Du Frane will be able to be on the east coast to help with that too."

– Lynn B. Janesville WI

"Du Frane has very professional and courteous personnel. We had a big cross-country move and they worked hard and stayed until everything was done. They are very nice people to work with!"
